

## Wilhelm Textiles India Pvt. Ltd.

### Environment Policy

Wilhelm Textiles recognise environment protection as one of the most important activities of our organisation to achieve sustainable growth of the organisation. We are committed for environment protection by implementing following activities:

- Establish an environment management system to measure and monitor operation controls to minimise impact of our activities and operation on environment
- Strict Adherence to legislative and regulatory requirement related to Applicable Environment Acts to which we subscribe
- Implement administrative and engineering controls to minimise process waste generation, process emission and disposal of the waste in environment friendly ways.
- Continues monitoring of Air Emission, Noise Emission, Waste Discharge, and to make efforts to minimise the air, land and noise pollution to the extent possible
- Educate our associate including our employees, suppliers and customers to develop awareness promote and implement the action that will maintain balance and harmony between man and nature.
